

# Recreation and Leisure Activities for All Floridians: *Amusement Parks*

Florida's many amusement parks offer accommodations and programs for people of all abilities. This link offers information about accessibility for some of the major amusement parks in the Orlando area: [www.visitorlando.com/en/plan-your-trip/accessibility/special-needs](http://www.visitorlando.com/en/plan-your-trip/accessibility/special-needs), including information about Disneyworld's Disability Access Service (DAS) pass, for those who need assistance to navigate and enjoy the park. Busch Gardens in Tampa also offers programs to assist guests with disabilities, including the Ride Accessibility Program (RAP), which matches the individual abilities of guests to the requirements of each ride: <https://buschgardens.com/tampa/park-info/accessibility-guide/>
