

# Medical Waivers for Children

## Model waiver

The Model waiver is for children 20 years of age or younger who are medically fragile/medically complex or diagnosed with spinocerebellar disease.

The model waiver is designed to provide supports that delay or prevent institutionalization and allow recipients to maintain stable health while living at home.

Read more about eligibility, covered services, and how to apply for the Model waiver at <https://bit.ly/3jZlZTY>.
